Boards and Commission Action Denied by Zoning and Platting Commission

The applicant is proposing to operate a kennel in a Rural Residential (RR) zoning district. A kennel is a conditional use in a RR zoning district and requires site plan approval by the Zoning and Platting Commission. The lot is 1.01 acres in size and is located in the Barton Creek watershed. Overall existing impervious cover is 7,379 square feet, or 19.6% of the net site area. No change or addition to impervious cover is proposed. Existing parking will be utilized with new striping to meet the 2 required spaces. The surrounding properties are zoned and used as single family. The proposed kennel will be located inside the existing 1,575 square foot residential structure. There will be exterior dog play yards which will be utilized periodically for exercise. The 2 play yards, each measuring approximately 80 feet X 40 feet, are accessed only from the residence and the fences are proposed to be located no closer than 70 feet to the adjacent residential property lines. The property is naturally terraced, with the residence and fenced play yards in the central level of the property. The adjacent residential property to the southwest is beyond a rock retaining wall, and is about 10 feet higher in elevation. The residential property to the northeast is also beyond a rock retaining wall, and is about 15 feet lower in elevation than the subject property. This property varies from 200 to 215 feet in width. There is one driveway. It takes access to Travis Cook Road. There is a chainlink and wrought iron fence around the perimeter of the property.

Staff recommended the approval of conditional use permit. The Planning Commission heard the case and denied the request on October 17, 2006 (9-0). Michelle Snider, the property owner, is appealing the Commission's denial on the basis that some of the information presented by the neighborhood was incorrect or incomplete.

City of Austin Watershed & Development Review Board
Lynda Courtney
Case Number SPC-06-0027A

Ms Courtney,

Please accept this letter as an appeal to the decision made on October 17, 2006, at the Zoning and Platting Commission hearing. The Commission voted against a conditional use permit for a land use only site plan for a pet care facility at 5604 Travis Cook Rd, Austin, TX 78735. I wish to appeal the decision.

Thank you,

Charlie Palmer

CONDITIONAL USE PERMIT REVIEW AND EVALUATION CRITERIA

The following evaluation is included to provide staff position on each point of the conditional use permit criteria. Section 25-5-145 of the Land Development Code states

A "The Commission shall determine whether the proposed development or use of a conditional use site plan complies with the requirements of this section

B A conditional use site plan must

1. **Comply with the requirements of this title;** Staff response This application complies with the requirements of this title
2. **Comply with the objectives and purposes of the zoning district,** Staff response This application complies with the objectives and purposes of the zoning district
3. **Have building height, bulk, scale, setback, open space, landscaping, drainage, access, traffic circulation, and use that is compatible with the use of an abutting site;** Staff response This application is compatible with the abutting sites in all of these cases
4. **Provide adequate and convenient off-street parking and loading facilities,** Staff response Adequate parking and loading facilities have been provided
5. **Reasonably protect persons and property from erosion, flood, fire, noises, glare, and similar adverse effects,** Staff response The proposed project does not contribute to any of these adverse effects
6. **For conditional use located within the East Austin Overlay district, comply with the goals and objectives of a neighborhood plan adopted by the City Council for the area in which the use is proposed.** Staff response The proposed project is not in the East Austin Overlay or an adopted neighborhood plan

C. A Conditional Use Site Plan May Not.

1. **More adversely affect an adjoining site than would a permitted use,** Staff response The site plan will conform with all regulations and standards established by the Land Development Code This proposed site plan does not more adversely affect an adjoining site than would a permitted use
2. **Adversely affect the safety or convenience of vehicular or pedestrian circulation, including reasonably anticipated traffic and uses in the area,** Staff response Access is limited into the site, and surrounding vehicular circulation in the area of the project is not anticipated to have any detriment of safety or convenience
3. **Adversely affects an adjacent property or traffic control through the location, lighting, or type of signs;** Staff response No signage or lighting is proposed that would affect adjacent properties or traffic control

D. A site plan may not adversely affect the public health, safety, or welfare, or materially injure property If the Land Use Commission determines that a site plan has an adverse effect or causes a material injury under this subsection, the Land Use Commission shall identify the adverse effect or material injury

The map illustrates the location of the 'SITE' within a network of roads. The 'SITE' is a hatched area located between Travis Cook Road and Travis Hills Drive. Travis Cook Road runs vertically through the center of the map, with a dashed line also running vertically through it. Bell Drive runs diagonally from the bottom left towards the top left. Sunset Ridge Drive runs diagonally from the bottom right towards the top right. Travis Hills Drive runs diagonally from the bottom left towards the top right, intersecting Travis Cook Road. The 'SITE' is situated on the east side of Travis Hills Drive, north of its intersection with Travis Cook Road.

PUBLIC HEARING INFORMATION

After the public hearing, the board or commission may expect to attend a public hearing. You will be notified by email. However, if you do attend, you will have the opportunity to speak FOR or AGAINST the proposed development or change. You may also submit a neighborhood or environmental organization if it has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or even rescind the application's progress to a later date on technical and approval or denial of the application. It is recommended that you attend the public hearing and have time to provide input on the application. If you are not present, the board or commission will have to make a decision on the application without your input.

A board or commission decision may be appealed by a person with standing to the City of Austin. The board or commission will have to make a decision on the application. If you are not present, the board or commission will have to make a decision on the application without your input.

An interested party is defined as a person who is the applicant or a party to the subject property or who owns the property or has an interest in the property or commission by:

- designating a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern to the board or commission;
- appearing in person at the public hearing;
- occupying a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development;
- is an officer or an employee of an organization or neighborhood that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our website www.austintexas.gov/development.

Written comments must be submitted to the board or commission for the public hearing. You will be notified by email. However, if you do attend, you will have the opportunity to speak FOR or AGAINST the proposed development or change. You may also submit a neighborhood or environmental organization if it has expressed an interest in an application affecting your neighborhood.

Subject I oppose Dog Kennel

Dear Brenda,

Please pass along my opposition to the proposed zoning change that would allow a dog kennel at 5604 Travis Cook Road I just found out about the zoning meeting tomorrow evening and will try to attend

To City of Austin
Zoning & Planning Commission

Re Case Number SPC-06-0027A
Shady Oaks Dog Kennel
5604 Travis Cood Rd
Austin, TX 78735

I am writing to voice my opposition to the conditional use permit change request for the property at 5604 Travis Cook Rd , Austin, Texas 78735 which would allow the property to be used for a dog kennel

I am opposed to this change for several reasons

-The property is located in the middle of a residential neighborhood -The property is too small absorb the sound of barking dogs which will carry over to neighbors -The increased noise from barking dogs will detract from property values in the newly developed neighborhood of Travis Country West -The property is located on very narrow residential roads -Because roads are narrow and traffic is already congested, the additional commercial traffic would increase the already high cut through traffic into Travis Country West neighborhood -Animal waste from the property would drain into the aquifer in this environmentally sensitive area

I urge you to please deny this proposed change
Sincerely,
Patrick Russell

Subject: ref case #SPC-06-0027A dog kennel

Dear Lynda

I reside at 5809 Medicine Creek, in Travis County West. I understand that a nearby property owner is seeking a dog kennel approval from P & Z for their property at 5604 Travis Cook Road. I want to make it clear that I am **very** opposed to this, due to the large number of residents who would be negatively impacted by noises and disturbances during evening and daytime hours, not to mention the potential for unsanitary conditions in the Barton Creek Aquifer zone. It is too close to our neighborhood, and I personally find this request to be totally out of line. I know there is another dog kennel located off Old Bee Caves at Hwy 71 which has acreage surrounding it no residential development nearby. By the way, I can hear his dogs barking at night from 2 miles away, and this proposed kennel would be right next to our homes - a total violation of any 'normal' zoning considerations.

Ours is a different scenario altogether - being so close to a recently built large neighborhood of over 200 homes. Dog kennels should be located away from potentially offensive areas, where they are protected by ample space and peaceful surroundings that would be of benefit to the dogs' safety and health. Our neighborhood is transitioning more residential and not a suitable place for such a 'country type' business.

Let me know if there is anything else I may do to object to this proposal. Reference Case # SPC-06-0027A.

Best Regards,
Julie Yarbrough

Subject Proposed Dog Kennel - # SPC-06-0027A

Ms. Loudermilk,

It is my understanding that the property owner at 5604 Travis Cook Road is petitioning the Zoning Commission for a change that will allow this person to operate a kennel. I live/own property in Travis Country West, 5725 Medicine Creek Drive to be specific.

I ask that you provide the city commission with a copy of this e-mail stating my opposition to this change in use. Barking dogs (not to mention the smell) and additional traffic will certainly be detrimental to our residential neighborhood and I oppose this matter in the strongest way. It is my opinion that this will materially affect the value of my property.

I can hear the donkeys and chickens that reside at the Natural Gardner from time to time. To hear a bunch of barking howling dogs would be too much.

Thank you for forwarding this to the city planning and zoning commission.

October 16, 2006

To Whom It May Concern

This letter is in response to case reference # SPC-06-0027A, proposed dog kennel. As a new home owner in TCW, I strongly oppose a dog kennel going literally in my back yard! Isn't it enough that the city has and is approving multifamily dwellings and commercial buildings in our back yard to bring down the value of our homes and the quality of our lives?

Property taxes in Travis Country West are outrageous, and considering how much we are paying we should have some say as to what is going on around us. A dog kennel will increase the noise level not to mention pollution of the air if the kennel isn't maintained properly.

Travis Country West is a family centered neighborhood and it is imperative that such things like commercial buildings, apartments, and dog kennels stay out of our vicinity so that we are able to maintain a good, peaceful and QUIET quality of life to raise our families in.

Regards

Kendra Gottlieb

Could you please pass this e-mail along to the zoning board

Dear Zoning Board,

I am very much against the operation of a dog kennel at 5604 Travis Cook Rd. I am a homeowner in Travis Country West, and I am against the prospect of having my property value decrease due to nearby barking dogs, increased traffic through our neighborhood, the commercial development so near to our residential neighborhood. As a small community, we expect and appreciate the zoning board's considering the concerns of nearby residents.

Thank you,

Ranjeev and Arati Singh

Subject note from resident on the Proposed Dog Kennel

Neighbor,

My name is Jason Jordan. My wife Carolyn, and I live at 8617 Cobblestone, overlooking the greenbelt and Travis Cook. We are obviously VERY concerned about this issue, as the noise will be just past our back yard. We paid a significant premium for a house backing up to a quiet greenbelt and would oppose anything that would destroy the quiet we have paid for. There is already a significant amount of dog noise from a neighbor on Travis Cook that wakes us up most nights, and an increase in that noise would be unbearable.

Thanks so much for your attention to this issue, and know that we support your efforts fully. If you need anything from us, please do not hesitate to call.

Sincerely,

Jason Jordan

On 10/16/06, [REDACTED] wrote
Hey neighbors, just found out this evening from another neighbor that the property owner at 5604 Travis Cook Road (very near to TCW) is seeking approval from the zoning and planning commission to run a dog kennel on the property.

The property is at the intersection of Sunset Ridge and Travis Cook Road right behind our neighborhood (for reference it is near the Natural Gardener). While I love dogs, I personally would be against the kennel right in our backyard due to noise from barking dogs, increased traffic in our neighborhood, the commercial development so near to our residential neighborhood, and a potential decrease in property values.

Unfortunately, the zoning & planning meeting is tomorrow night 10/17/06 at Austin City Hall starting at 6:00 PM. However, there is still time to act and voice your opposition. If the commission hears from enough residents opposing this application, it can be denied. You can either attend the meeting OR write an e-mail voicing your opposition. Please take a few moments to get involved. Please send e-mails along with your address, and whether you own the property where you live to the below e-mail address and this lady

Hello Brenda,

I understand that you are collecting 'votes' for the proposed dog kennel behind TCW on Travis Cook Rd. Please submit my NO vote for this. I was told to reference case # SPC-06-0027A.

My address is 5724 Fort Benton, and my name is Bryan Cope. I am the owner of this property.

Thanx
Bryan

Subject Fw: [traviscountrywest] Proposed Dog Kennel

Brenda,

I live in Travis Country West and would NOT want to have a dog kennel behind us do to the noise and potential traffic cutting through our kid filled neighborhood I vote NO

reference case # SPC-06-0027A

Subject [traviscountrywest] Proposed Dog Kennel

Hey neighbors, just found out this evening from another neighbor that the property owner at 5604 Travis Cook Road (very near to TCW) is seeking approval from the zoning and planning commission to run a dog kennel on the property.

The property is at the intersection of Sunset Ridge and Travis Cook Road right behind our neighborhood (for reference it is near the Natural Gardener). While I love dogs, I personally would be against the kennel right in our backyard due to noise from barking dogs, increased traffic in our neighborhood, the commercial development so near to our residential neighborhood, and a potential decrease in property values.

Unfortunately, the zoning & planning meeting is tomorrow night, 10/17/06 at Austin City Hall starting at 6:00 PM. However, there is still time to act and voice your opposition. If the commission hears from enough residents opposing this application, it can be denied. You can either attend the meeting OR write an e-mail voicing your opposition. Please take a few moments to get involved. Please send e-mails along with your address, and whether you own the property where you live to the below e-mail address and this lady will kindly pass it along to the zoning commission. Please also reference case # SPC-06-0027A.

Brenda Loudermilk, resident and property owner
5507 Travis Cook Road

Subject dog kennel

Brenda,
Would you please pass along my "No" vote to the zoning commission regarding the proposed dog kennel reference case # SPC-06-0027A
As a property owner I am most certainly opposed to a dog kennel operating right next to our neighborhood

Sincerely,
Michelle Herring

Hi Branda,

Thanks! I lost my copy of it too

Let it be known that I am opposed to the zoning change proposal that would allow any form of animal shelter/rescue/kennel to be located on
5604 Travis Cook Road

or anywhere in the vicinity of my home in Travis Country West

I am the homeowner at

Marjorie Ow
5829 Medicine Creek Drive

Thanks!

We are writing to express our opposition to the permit change request for the property at 5604 Travis Cook Rd

When we purchased our home we looked into the surrounding area and came to the conclusion that we saw was a solid investment in property. With this proposed **Dog Kennel** we feel that our property would no longer be the Prime Property we thought it would be.

Please note that we are opposed to the permit change request.

Sincerely
Carlos and Diana Mayo

When we were looking for a home 2 years ago we looked in the surrounding area and felt that Travis Country West was a good solid property investment. Now with this Dog Kennel on the table for 5604 Travis Cook Rd we feel that our property would not be the Prime Property we thought it could be.

Please note that we are opposed to the permit change request for the property.

Carlos and Diana Mayo
